The screenshot shows the BIO-EQUIP website homepage. At the top, there is a navigation bar with 'Home', 'Suppliers', 'Products', 'News', 'Events and Expos', and 'About Us'. A search bar is located below the navigation. The main content area features a 'ThermoFisher Scientific' banner on the left, a 'News' section in the center, and a 'Catalogue' section on the right. The 'Catalogue' section is organized into columns listing various laboratory equipment categories such as Centrifuges, Incubators, Microscopes, and PCR. On the far right, there are three vertical banners for 'ZHCHEUNG Incubator & Ovens', 'Artificial Climate Incubator', and 'JET BIOFIL Tissue Culture Flask'. At the bottom, there is a 'Newsletter' sign-up form and a grid of logos for various suppliers including ZHCHEUNG, Xutemp, Cosmobread, Luxiangyi Centrifuge, Boxun, SYCLON, Jintub, Auzone, BioTNT, Heal Force, JET BIOFIL, BMT, and ESCO.

The screenshot shows a news article on the website bio-equip.cn. At the top, there are logos for BIO-EQUIP and TIHE (17th TASHKENT INTERNATIONAL HEALTHCARE EXHIBITION). The navigation bar includes links for Home, Suppliers, Products, News, and Expos. A search bar is present with the text "Search key word".

The main article is titled "TTP Labtech Delivers Hit-Picking B..." and features a yellow callout bubble pointing to the top banner area with the text: "eB1 top banner 468x60 pixels CNY 600/month". The article text includes:

- Cambridge, UK (19th March 2012) – An exciting technological collaboration integrating TTP Labtech's mosquito[®] X1 automated nanolitre pipettor with a well-known microplate mover has been set up, bringing an innovative hit-picking solution to the University of Michigan.
- The mosquito X1 and microplate mover automated platform is fully controlled by the mosquito ChemPicker software.

 An image of the "mosquito[®] X1 automated nanolitre pipettor" is shown with the caption "mosquito[®] X1 automated nanolitre pipettor".

On the right side of the page, there is a vertical banner for "Gene Regulation Analysis" (基因调控分析) featuring "TRANSFAC[®]" and "BIOBASE BIOLOGICAL DATABASES". A yellow callout bubble points to this banner with the text: "eB2 right banner 250x200 pixels CNY900/month". Below this banner are several links for "Transfection", "Fluorescence Spectrometer", and "Plant & Animal Genome 2012".

Pay-for-list Service

Established since 1998, Bio-Equip is a leading website for lab equipments, reagents, consumables and bio services. Our users come from different fields like life science, medical research, pharmaceutical, biotechnology, modern agriculture, food safety and environment monitoring. Bio-Equip offer users a complete product directory which involves 158 product ranges among lab equipments, reagents, consumables, lab animals, bio services, cell lines, bio software and books.

Serving users through two websites, www.bio-equip.com (Chinese) and www.bio-equip.cn (English), we own over 20,000 registered suppliers and more than 500,000 pieces of product and technical service information with details of product description, price, sample downloading, technical articles and videos. The resourceful online information accelerate product & service searching process, offer convenience to users from research institutions, universities, hospitals, centers for disease control, pharmaceutical factories, inspection and quarantine bureau as well as forensic centers. Generally, Bio-Equip promote the development of bioresearch and bio-industry!

Welcome to visit Bio-Equip and cooperate with us for a brilliant future!
